

Questions to ask my doctor

about adding aspirin to my diabetes treatment plan

Please print this page and discuss the following with your doctor during your next office visit.

Questions	Doctor response
Should I take aspirin daily?	
What dose of aspirin is right for my condition? Is there a specific type of aspirin I should take? What do I do if I miss a dose?	
Are there any side effects that I should be aware of? What should I do if I develop any side effects? Are there other OTC medications, supplements or vitamins I should avoid while taking aspirin therapy?	
Are there any medications I am taking that will interact with aspirin?
