

Questions to ask my doctor *about taking my diabetes medication*

Please print this page and discuss the following questions with your doctor.

Questions	Doctor response
What is the goal for my blood sugars and A1c?	
What may happen if I don't take my diabetes medication as ordered?	
Are there any lab tests that I need to have? How often should I be tested?	
Are there any side effects that I should watch for?	
What other things can I do besides take medication to control my blood sugars?	
What complications may I experience if my blood sugars are not well managed?
